Prof. Dr. Dr. h. c. Barbara Haering chairs the Board of Directors of econcept Inc., a private consultancy she has been building up over the last twenty-five years with 25 co-workers based in Zurich specializing in applied research, evaluation and strategic planning for public administrations, ministries, universities and research institutions – mainly in the fields of higher education, research and innovation as well as sustainable development. In her capacity as head of econcept Inc. she is responsible for supporting strategy developments of public institutions as well as evaluations of public policies and public institutions in Switzerland as well as abroad. In addition, she teaches public management at the University of Lausanne.

Barbara Haering chairs the strategic boards both of the University of Geneva and the Geneva International Center for Humanitarian Demining. Moreover, she is Vice-President of the Board of the Federal Institutes of Technology (ETH Domain) and member of the Board of the TU Dresden and of the Innovation Board of the TU Graz.
